HIGHLIGHTS

- Gold development company in Burkina Faso
- Developing the Sanbrado Gold Project
- High-grade M1 Resource open at depth
- Board and management with hands-on West African experience

West African Resources Limited is dual ASX & TSX-V listed gold company that has made an exciting high-grade discovery at the Sanbrado Gold Project, Burkina Faso. Feasibility studies completed in Q1 2017 showed Sanbrado to be a low cost +150,000oz gold per annum producer. Further high-grade was intercepted in Q2 2017 which is being incorporated into a feasibility update due for completion in H1 2018.

Sanbrado Gold Project

Highlights

Sanbrado Gold Project

Transformational Exploration Success in 2017

West African Resources is currently completing a feasibility update for the Sanbrado Gold project following further high-grade mineralisation being drilled in H1 2017. High-grade discovery results include:
