## **West African Resources files NI 43-101 Technical Report: Sanbrado Gold Project, Burkina Faso**

Perth, Western Australia: Gold developer West African Resources Limited (ASX, TSXV: WAF) is pleased to advise that it has today filed a National Instrument 43-101 (NI 43-101) Technical Report (Technical Report) titled "Open Pit and Underground Feasibility Study, Sanbrado Gold Project, Burkina Faso" (the "Report"), with an effective date of 25 April 2018. The feasibility study was announced on 22 June 2018.

The independently authored Technical Report was prepared in accordance with the requirements NI 43-101 and complies with the 2012 JORC Code. The Report can be found on the West African Resources website ([www.westafricanresources.com](http://www.westafricanresources.com)) and under our profile on the SEDAR website ([www.sedar.com](http://www.sedar.com)).

Neither TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release.
